

Todd Whittaker Drywall Inc. Ranked #1 Remodeler In Arizona For The 3rd Year

550 remodeling

The annual “Remodeling 550” list of the top full-service remodelers in the Nation has been released, and TWD remains at the top.

PEORIA, AZ, June 1, 2018

Statistics have been tallied and the results are in. The anticipated Top 550 list of Full-Service Remodelers in the United States has been released by well-known publication, Remodeling Magazine for 2018.

Todd Whittaker Drywall Inc. (also known as TWD) has been honored to rank amongst the biggest and best companies around in this prestigious national list for the past six years dating back to 2013. The real privilege lies in the fact that TWD has been recognized as the top remodeling firm based in Arizona for the 3rd consecutive year. Riding the ever-changing wave that the construction market brings and continuing to come out on top is something any firm can be proud of. While many on the list are large corporations or franchised firms, TWD remains privately owned and operated based in the Phoenix, AZ market focusing on kitchen and bathroom remodeling, and home renovations of all sizes and complexities. “Our goal is not to be the biggest,” says Todd Whittaker, TWD’s President. “It’s to be the best at what we do. To provide the best workmanship, for the best value, with the best customer service. Our homeowners don’t expect it, they deserve it.”
